Cadet Basic Training 2006

“Always Forward - Never Quit”

Class of 2010

Contacting Your New Cadet

Every New Cadet is assigned to one of eight companies during Cadet Basic Training (CBT). In addition to the cadet chain of command, each company is presided over by active duty soldiers. The Tactical Officers and Tactical Noncommissioned Officers (The TAC Team) are responsible for ensuring all cadets receive the proper training during the summer as well as for the health and welfare of each assigned cadet.

The TAC Teams for each company are listed below. New Cadets will receive their company assignments on Reception Day (R-Day). If you have any questions or concerns regarding your New Cadet, call the Tactical Officer first! He/she will have the most immediate knowledge of the cadets in their companies. The phone numbers are (845) 938-XXXX.

In case of family emergency, call the TAC Team during duty hours (6:00 a.m. – 6:00 p.m.). If after duty hours, or in the event you cannot reach the TAC Team, contact the Central Guard Room at (845) 938-3030.

Your New Cadet's post office box number is enclosed. The address for mail is:

New Cadet *First name Last name*
 P.O. Box XXXX
 United States Military Academy
 Cadet Basic Training Company X
 West Point, New York 10997

Do not send food through the mail. New cadets are not authorized to receive or consume “boodle” (cadet slang for food/snacks) outside of the Cadet Mess Hall or other designated locations.

Cadet Basic Training 2006

“Always Forward – Never Quit!”

Greetings From West Point!

Congratulations! Your decision to accept admission to the United States Military Academy marks the first step towards your career as an officer in the United States Army. You will enter USMA as a member of the Class of 2010, our 208th Class. Awaiting you is a challenging and rigorous lifestyle. You will share a legacy of demanding studies, as well as rigorous military, physical, and leadership training with USMA graduates from the past 204 years. At West Point, you will learn and live discipline, teamwork, and values.

The mission of the United States Military Academy is: **“To educate, train, and inspire the Corps of Cadets so that each graduate is a commissioned leader of character committed to the values of Duty, Honor, Country; professional growth throughout a career as an officer in the United States Army; and a lifetime of selfless service to the nation.”**

Your first challenge is Cadet Basic Training (CBT). CBT will teach you fundamental cadet and soldier skills. You will be tested many times in many ways. In addition to teamwork and discipline, you will develop mental toughness and physical fitness. CBT is difficult, but not impossible. Thousands of other young men and women have come to West Point and successfully completed this first step in their military training. We know you can meet the challenge. You can start your preparation now by gradually building a fitness routine that includes push-ups, sit-ups, and runs of at least two miles in length. A positive attitude coupled with good physical conditioning will prove to you that there is nothing which is insurmountable in CBT. We are committed to your success.

To be a leader, you must know how to follow. Understanding and obeying orders, accomplishing tasks to a specified standard, and functioning as a member of a team are all part of a New Cadet's experience. The transition from civilian to military life is never easy, but it is the essential first step to four years of unequalled leader education and a follow-on career as an Army officer.

There is information provided on how your parents can contact you during CBT. Please look this over carefully and use this information to plan for a successful summer. Understand, however, that visitation by relatives or friends are not allowed during CBT.

Again, congratulations. We are committed to your success as we provide you a challenging, safe, and fulfilling experience as a member of the Class of 2010!

Sincerely,

Thomas D. Macdonald
Lieutenant Colonel, Infantry
Commander, Cadet Basic Training
